Storage:			

Store in a cool, dry place not to exceed 85 degrees Fahrenheit.

All testing completed by third party laboratories. Laboratories warrant that all analytical work is conducted professionally in accordance with all applicable standard laboratory practices using validated test methods. Testing was completed using an unbroken chain of comparison to NIST traceable Reference Standards and Certified Reference Materials. Data for Receptra CoAs is generated from third party laboratory results which are available for review.

### Cannabinoid Distribution

### SAMPLE DETAILS

<b>SAMPLE ID</b>	CS06128
<b>CATEGORY</b>	Concentrate

### Comments

Free from visual mold, mildew, and foreign matter.
